**Date: 09.04.2018**

**Time of event: 11:30AM**

**Event Type: Offline**

**Objective of Program:**

1. To upgrade the skills required for IT industry.
2. To give more focus on writing a code
3. To improve Communication skills
4. To develop readiness for choices and changes to face need challenges

**Profile of Resource person:**

**Name: Mr. Sausik**

**Designation: Regional Manager**

**Organization: AMCAT, Bangalore.**

  
**PRINCIPAL**  
Guru Nanak Dev Engg. College

**Details of Program:**

A session on "Overview of AMCAT" was organized by the coordinator Prof. Ramya S.Pure of Computer Science & Engineering Department of Guru Nanak Dev Engineering College, Bidar on 9<sup>th</sup> April 2018.

The resource person delivered the talk on "Overview of AMCAT" & shared his knowledge and experience.

All the students of final year attended the talk

**Program Outcome:**

1. Participants could get an idea working style of IT industry
2. Participants were able to understand how to improve their skill and communication

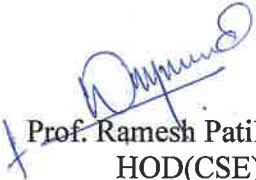

**Number of Students participated:60**

**Number of faculty participated:02**

## APPRECIATION LETTER

Dear Sir,

It was a pleasure for us for being Guest and resource person for one day guest lecture on "How to crack GATE and IES examsheld in Electronics and Communication Engineering department of our institute on 14.8.2017(Monday).

I, once again, would like to express my sincerest gratitude towards you for such a commendable job and hope to get a chance to hear talks from you in future also.

Received  
14/8/17

  
HOD(ECE)  
Head of E & CE Dept.  
G.N.D Engineering College  
BIDAR-585 403. (K.S )

  
PRINCIPAL  
Guru Nanak Dev Engg. College, Bidar

## **About the Talk**

While taking any decision about the career, students should focus on the following factors:

- **Self-knowledge:** Student must have knowledge or understanding of one's own capabilities, character, feelings, or motivations. The decision of going for job or prepare for GATE or any other competitive exam should be taken on the basis of own capabilities, it should not be influenced by friend's decision.
- **Knowledge of career options:** If someone is opting for job then he/she must have the knowledge about work culture, job profile, salary growth plan, income and benefits, location of job, work environment, prospects and advancement etc. If someone is opting for higher studies then he/she must have the knowledge about study culture of M.Tech or MBA, pedagogy, colleges, fee structure, stipends and other benefits, campus placement, etc.

### **Important Topics for GATE and IES ECE Branch Candidates:**

- Analog Circuits
- Network Theory
- Communication Systems
- Electromagnetic Theory
- Signal and Systems
- Control Systems
- Electronic Devices
- Digital Circuits
- Engineering Mathematics

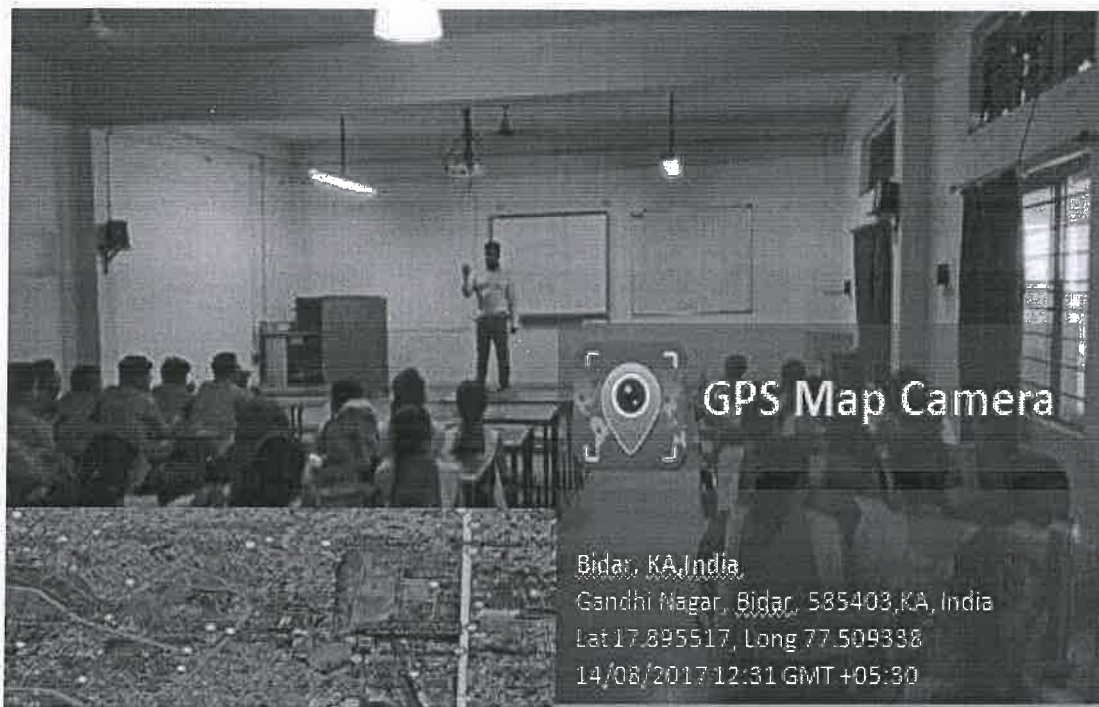

These topics are given comparatively higher weightage ,so students must give more time and efforts on them. Topics like Digital Communication and Antenna are comparatively tough and needs more time to study.

  
**PRINCIPAL**  
Guru Nanak Dev Engg. College

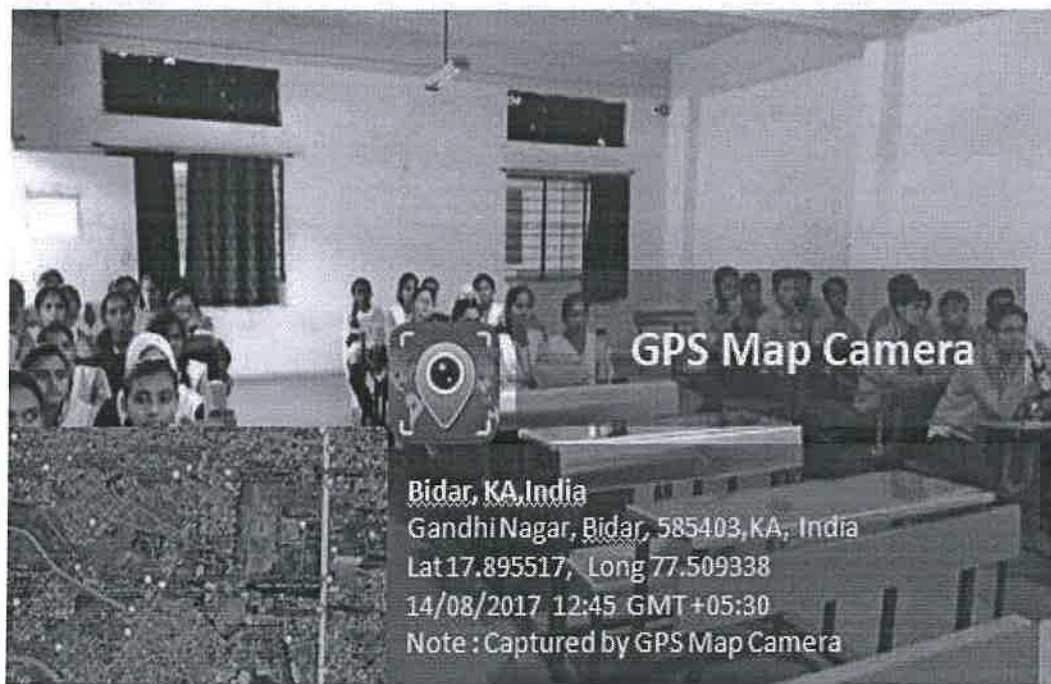

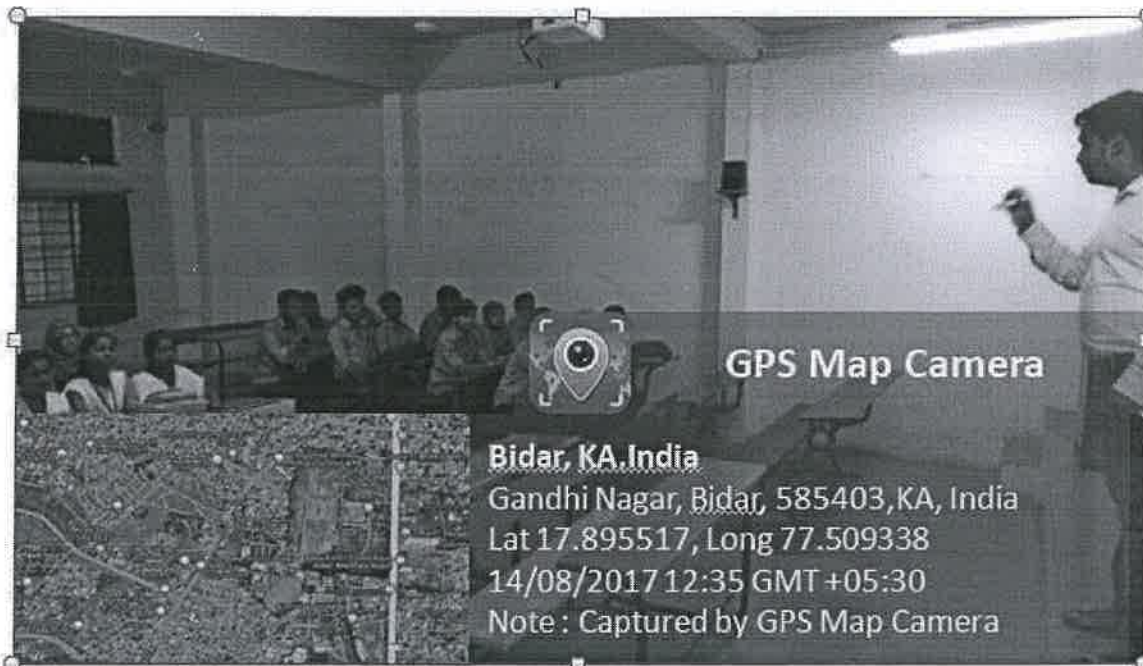

### Preparation Strategy:

- It is good to start preparing for GATE from 3rd semester.
- Make study plan according to the syllabus. The syllabus precisely mentions the topics and plan accordingly.
- Do solve all the questions from GATE's last 10 year Papers. This will give students clarity on the exam pattern and type of questions that may be asked.

In GATE exam all the questions are numerical based, won't find questions based on theory. In IES technical part objective questions are based on theory and numerical questions are very straight forward. Hence for GATE preparations one has to be good in solving numerical questions, whereas for IES theoretical part should also be strong. For subjective paper in IES, student must know the basic theory, derivation and related numerical for almost all the topics.
